

FEBRYAND NUR HIDAYAT

SOFTWARE ENGINEER

Tempel, Sleman, Yogyakarta | ryandnurhidayat@gmail.com | github.com/ryandnurh

SUMMARY

A detail-oriented and enthusiastic mobile developer with hands-on experience in building Android applications using Kotlin, XML, and Jetpack Compose. Skilled in front-end web development with HTML, CSS, and Laravel, and experienced in Firebase and MySQL integration. Passionate about creating clean, functional, and user-friendly digital products.

PROFESSIONAL SKILLS

Prototyping Tools Accessibility & UX
User Research

TECHNICAL SKILLS

Kotlin, HTML, CSS, Jetpack Compose
Laravel Git & GitHub
Firebase, MySQL

PROFESSIONAL EXPERIENCE

Freelance Front-End Developer May 2025 - July 2025
Developed responsive websites using HTML, CSS, and JavaScript. Delivered clean UI designs based on client needs with attention to usability and mobile optimization.

Teaching Assistant - Mobile Programming Sep 2024 - July 2025
Mentored students in Android development using Kotlin and Jetpack Compose. Helped debug projects, reviewed code, and promoted best practices in mobile UI/UX.

Student & Team Project Contributor 2023 - Present
Participated in multiple app development projects including Teh Idaman and Mandiri Panganku. Involved in UI/UX design, front-end coding, and team collaboration using GitHub.

PROJECTS

Teh Idaman – Android E-Commerce App Mar 2025 - July 2025
A mobile application developed for a local tea business to manage product catalogs and customer orders. Built using Kotlin and XML, the app features user authentication, product listings, and ordering functions. The backend is powered by Laravel and MySQL, supporting real-time data updates.

EDUCATION
